

RED HOOK HOMES

Red Hook Homes is 60 units of affordable housing in Red Hook, Brooklyn being developed by Fifth Avenue Committee (FAC). Red Hook Homes will create mixed-income cooperative homeownership opportunities for local low- and moderate-income families – including residents of neighborhood public housing – helping them to realize the dream of homeownership. Red Hook Homes is the largest affordable homeownership project in the history of Brooklyn's Red Hook neighborhood. With eleven financing partners, including all of the funders and leaders who are recognized on this invitation, it is one of the most complex affordable housing projects being developed anywhere in the nation.

MISSION STATEMENT

Fifth Avenue Committee (FAC)'s mission is to advance social and economic justice in South Brooklyn. We develop and manage affordable housing, create innovative economic opportunities, organize residents and workers, provide student-centered adult education programs, and combat displacement caused by gentrification.

FIFTH AVENUE COMMITTEE (FAC) INVITES YOU TO CELEBRATE WITH US AS WE BREAK NEW GROUND AT THE FUTURE SITE OF:
